Roy G. Sullivan  
Cover Direct  
82 Chapel St.  
Kitchener, Ontario

Dear Roy:

We have been very pleased, with the advertising your telephone book cover has provided for us. It is a great way of getting our name out into the community. We often get comments from customers who tell us they've seen our advertisement on the cover of the telephone book. I thought you would like to know that the advertisement has paid for itself many times. In one instance, directly from our ad on the book we secured a job valued at over \$30,000. It is great to know we get exposure every day from being on the cover.

The quality of your product reflects the same quality we give our customers. It is a pleasure, to have our business associated with the outstanding product you have put together. We also appreciate being the only landscaping design company on the cover. We wish you continued success as you expand your company throughout North America.

We look forward to working with you again in the future.

Sincerely,

Patrick and Juanita Dyck
