Hello,

I am sending you my comments and suggestions about your telephone cover that I received in the mail.

I feel you did an excellent job with the cover. It is very colorful and there is a lot of advertising. I really like the calendar on the back because it seems every time that I am on the phone I need a date for something and never have a calendar handy.

Also, the inside cover that displays the fire, police and ambulance for my area is a very good idea for my children.

I am enclosing my business card because I am very interested in advertising for next year. Please contact me.

My only suggestion would be to put a mine phone directory on the inside cover under the mission statement. This way you have your most frequent used numbers at your fingertips.

You did a great job with this and I am hoping to hear from you.

Sincerely,

A handwritten signature in blue ink that reads "Sue Nicoletti". The signature is written in a cursive, flowing style.
