Dear Mr. Kurt,

On Behalf of the London Chapter of Child Find, I would like to thank you for your generous donation of advertising space.

We are extremely grateful for the community support we receive on a regular basis. It is with this support that we are able to continue to provide our services to the public free of charge. As with any volunteer organization, getting and maintaining a solid volunteer base is quite a challenge. The advertising will be a definite boost to aid our organization in accomplishing our on-going search for dedicated volunteers enabling us to expand our services to a greater number of families.

We understand that you have been active in aiding our Kitchener/Waterloo chapter with providing the same advertisement for them. I had spoken to the Chapter Chairperson, Raye McCall Stroh, who informed me that the advertisement generated volunteer inquiries and she was quite pleased that you have ventured into the London area.

If we could be of any service to you in London with possibly doing an event at your offices, we would be more than happy to work with you in the future. If you would like to discuss this possibility please feel free to contact myself, Debbie Eagleson at 432-0934

Again, thank you for your support.

Sincerely,

Debbie Eagleson
Chairperson
