Dear Paul:

I am just dropping you a line to say Thank You! I am very pleased with the response that I have had due to my advertisement on the phone book cover. As a matter of fact, the response is so overwhelming that I have decided to advertise in some other areas of Windsor. I have decided to increase the size of our ad and place it on the back of the cover.

I would also like to thank you for your professional input and the time spent with me during the initial stages of my advertisement.

With the positive response that I have received, I can foresee a long-term relationship developing between Father Knows Best Contractors and Cover-Direct Publications.

Yours Truly,

Larry Guilbeault
